SYSTEMS ANALYSTS

QTEC Aerospace is seeking Systems Analysts to join our team of professionals in Huntsville, AL. Qualified applicants will become part of a team of professionals representing both industry and government. The successful candidate will be detail oriented, have a proven track record and a positive work ethic.

Job Summary
QTEC Aerospace is looking for multiple highly capable motivated individuals. These positions will provide focused support to operating system and infrastructure design and development activities and Missile Defense Labs & HW integration activities, and include disciplines involving custom operating systems and infrastructure development, Information Assurance (IA)/Security, and Labs & HW/Infrastructure. These positions will support multiple integration, test, and lab environment efforts.

Job Duties/Responsibilities
- Hardware and Software, operating system infrastructure level design, development, and integration activities of deliverable units, integration, test environments, and accreditation support to include Subject Matter Expert coordination among software development, software integration, and test teams.

Minimum Education and Experience
- Bachelor degree in Science, Technology, Engineering, or Mathematics

Required Knowledge, Skills and Abilities
- Systems design and administration experience Linux (RHEL) and Windows environments, and virtualization technologies (VMware)
- Experience integrating COTS, GOTS and custom software in a security constrained environment
- Experience with accreditation activities (NISPOM and DIACAP)
- Security+ Certification
- Strong communication and interpersonal skills
- Strong problem-solving skills
- Experience with technical activity for design, integration, test, and delivery of technical products

Desired Knowledge, Skills and Abilities
- Computer systems engineering or administration experience; designing, implementing, maintaining and diagnosing lab and tactical computing systems
- Knowledge of standard system engineering processes and procedures
- Experience interfacing with demanding customers and working with geographically distributed team and management structures
- Experience with one or more of the following:
  - Operating System design and development
  - Software development
  - Lab Integration/Buildups
  - HW or SW integration
  - Field Test Integration and Support

QTEC, Inc. is an Equal Opportunity Employer.

- Customer support and training

Security Clearance
Candidates must currently have, or be able to obtain, and maintain a minimum DoD SECRET level security clearance.

Location
Huntsville, AL

Qualified candidates should send Application for Employment and resume to careers@qtecinc.com.
